February 20, 2013

An act to ~~amend Section 5374 of~~ *add Section 5374.3 to* the Public Utilities Code, relating to charter-party carriers of passengers, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

SB 338, as amended, Hill. Charter-party carriers of passengers: limousines: fire extinguishers.

The California Constitution establishes the Public Utilities Commission with jurisdiction over all public utilities, and authorizes the Legislature, unlimited by the other provisions of the Constitution, to confer additional authority and jurisdiction upon the commission that is cognate and germane to the regulation of public utilities. Charter-party carriers of passengers, as defined, are subject to the jurisdiction and control of the commission under the Passenger—~~Charter-Party~~ *Charter-party* Carriers' Act. The act defines a charter-party carrier of passengers, subject to certain exceptions, to mean every person that is engaged in the transportation of persons by motor vehicle for compensation, whether in common or contract carriage, over any public highway.

The Passenger-Charter-Party Charter-party Carriers' Act requires a charter-party carrier of passengers to obtain from the commission a certificate that public convenience and necessity require the operation or a permit issued by the commission, and to operate within the state on a prearranged basis, as defined. ~~The act prohibits the commission from issuing or renewing a permit unless the applicant has met specified requirements, including the requirement that it will maintain its vehicles used in transportation for compensation in a safe operating condition.~~ A violation of these provisions is a crime.

This bill would ~~require~~ *require, 30 days after the effective date of this act, a charter-party carrier of passengers to equip each of its limousines limousine, as defined, to be equipped with 2 readily accessible and fully charged fire extinguishers, as specified specified, and would authorize the commission to require compliance with these provisions as a condition of issuing or renewing a certificate or permit.* Because a violation of this provision would be a crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would declare that it is to take effect immediately as an urgency statute.

Vote: $\frac{2}{3}$. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
